

Community Care Behavioral Health

Chester County

IBHS PROVIDER CONTACT LIST

Note: All Providers are listed in alphabetical order - with Core Providers listed first, followed by a complete list of all Intensive Behavioral Health Services (IBHS) Providers.

In Order to start IBHS - a child must first be recommended for the service. This can be done by going to a core provider especially if it is unclear what service may be best for a youth or direct to any of the contracted IBHS providers.

Once the packet request is submitted to Community Care, we have 2 business days to review for Medical Necessity. If more information is needed, a letter is sent to request additional information which extends the process by up to 14 days.
